Dr. Jay Yourist
CRP Network, LLC
P. O. Box 160471
Miami, Florida 33116-0471

Dear Dr. Yourist:

I have been briefed on your recent visit with Dr. Thomas Holt and want you to know that we, at the Department of Agriculture are excited at the potential of an antiviral agent for treatment for a broad spectrum of viral diseases in animals, but most importantly, acute upper respiratory diseases.

The Florida Department of Agriculture is the Department of Health for animals and we support your efforts to bring these drugs to market. The elimination of deadly viral epidemics not only protects our animal industry, which is so vital to Florida's economy, but keeps these viruses from possibly being transmitted to humans. There is certainly a need for such a therapeutic in our veterinary industry.

Please keep us posted on your progress and let us know how we may be supportive in these endeavors.

Sincerely,

A handwritten signature in black ink that reads "Charles H. Bronson".

CHARLES H. BRONSON
COMMISSIONER OF AGRICULTURE
